We live in an awesome place!

We trust you are all enjoying some time outdoors during these wonderful days. Our season always seems way too short as the days fly by.

The Women's Ministry Team has been amazed at how we have seen God work in so many ways over the past year. Whether special events, Bible studies, craft times, or one-on-one....all have been special and have met so many women's need for friendship and fellowship.

So many women have used their gifts and talents to further His work in our greater community. For that we are grateful.

As we look forward to next year, we continue to meet as a team to pray for God's leading and for the women that will participate in the many opportunities.

Our one purpose is to glorify our Lord and to further His kingdom on earth.

Craft Saturdays

Meet with others (whether crafty or not) as we make pillowcases for the Samaritan's Purse project this fall.

Bible Study and Prayer

At the church

Any are welcome to join!

And from the hand of Dawn Paoletta:

A child of hope you always have been;
from beginning you were, will be until end.

How you have risen, how far will you fall
before we see clearly the sum of it all?

Great leaders have risen within our great land
been shot down both by words and weapon in hand.

Like Israel we cry out for a King
as days long ago, for glory to bring

You answer our cries, our hopes turn to ashes
we settle for lies.

We wonder and wander far from the truth,
convinced we know better than a God who can do
miracles now, as always He's done;
from earth's first dawning rising of Sun,
to stars sitting straight up in the dark,
parting the Seas, building an Ark...

Throughout time and eternity
He is the One who reigns over all things
Now we must rise up with prayers, praises and songs-

Rise up, O Ye Nation, Rise up and be strong
Return to your first love, your hope and True King
Rise up America, of thee we sing,
Rise up right NOW- new hope to bring

Rise up America- hear me I say
Too many lives sacrificed to throw it all away-
the dream, hope and vision of America must stay,
Rise up America, do it today!
Regain your dignity, lock arms together,
Rise up in unity- yes, once more
from sea to shining sea.

Rise up America; rise up on bended knee,
Cry out to the One who hears all humanity.

Our hope is not in men, machines
or mighty things... Our hope is found alone
in the One who is the King of Kings!
To Him be all Power, Honor, Glory and Strength.
